Masha' pabien na tur!

## BO TABATA SABI....?

Bo tabata sabi cu trapi di metal ta conductor di coriente? Ta pesey bo no mester usa nan cerca di circuitonan y equiponan eléctrico caminda nan por bini den contacto cu wayanan eléctrico.

## SEVEN PROCESS EMPLOYEES COMMEMORATE THEIR 30th SERVICE ANNIVERSARY

Today, seven employees of the Process Department commemorate their 30th service anniversary with the company. They are:

Congratulations to all!

## DID YOU KNOW....?

Did you know that metal ladders are conductors? That is why you should not use them near electrical circuits and equipment where they come in contact with electrical wiring.
